

Plan Printing UK – Upload Guide & Size Specifications

Reliable Plan Printing for Architects, Builders & Engineers

Fast, Accurate Plan Printing in the UK

Need plans printed quickly and correctly? Our UK plan printing service is designed for professionals who need reliable results without delays. Whether you need A0, A1 or A2 prints, we make the process simple from upload to delivery or collection.

How to Upload Your Plans

Uploading your drawings takes just a few steps:

- 1. Prepare your file**
Export your drawing as a PDF to maintain scale and quality.
 - 2. Select your print size**
Choose A0, A1 or A2 based on your project needs.
 - 3. Upload your file**
Add your PDF during checkout using the upload button.
 - 4. Complete your order**
Choose UK delivery or local collection and place your order.
-

File Requirements for Plan Printing

To ensure accurate and high-quality prints, follow these guidelines:

- **File format:** PDF (recommended)
- **Scale:** Set correctly (e.g. 1:50, 1:100)
- **Page size:** Match your chosen print size
- **Fonts:** Embedded or outlined
- **Line weights:** Clear and readable

Important: Files are printed exactly as supplied. Always double-check scale and layout before uploading.

Paper Specification

All plans are printed on high-quality:

- **90gsm uncoated plotter paper**
- Smooth finish for sharp, clean line work
- Ideal for site use, folding, and markups

This ensures clarity and durability for construction and architectural drawings.

Available Plan Sizes

A0 Plan Printing

- 841 × 1189 mm
- Ideal for full construction drawings and detailed layouts

A1 Plan Printing

- 594 × 841 mm
- Perfect for standard architectural and engineering plans

A2 Plan Printing

- 420 × 594 mm
 - Best for smaller drawings and internal use
-

Monochrome Plan Printing

We specialise in:

- **Black & white (monochrome) printing**
 - Optimised for technical drawings
 - High contrast for maximum readability
-
